Journal of Forecasting, Vol. 7, 289 (1988)

Author Index

Ayton, P., 185

Brauers, J., 31
Brown, S. J., 149

Chow, T., 49
Corrado, C., 77
Craine, R., 21

Derzko, N. A., 225

Edmundson, B., 201
Engle, R. F., 149

Fuhrer, J., 63

Greene, M., 77

Haltmaier, J., 63
Havenner, A. M., 21

Lawrence, M., 201
Leuthold, J. H., 173

Meade, N., 235

Nazmi, N., 173

O'Connor, M., 201
Oliver, R. M., 49, 215
Oren, S. S., 273

Phillips, R. F., 131
Price, D. H. R., 245

Saunders, C., 185
Schwartz, R. G., 273
Sharp, J. A., 245
Stanley, T. D., 103
Stern, G., 149

Tanny, S. M., 225
Tsay, R. S., 1

Weber, M., 31
Wiorkowski, J. J., 259
Wright, G., 185

Xiao-Jiang Q., 115

Yang, H. J., 215

Journal of Forecasting, Vol. 7, 291 (1988)

Key Word Index

Adaptive prediction, 115
Additive outlier, 1
Aggregation, 63
ARIMA model, 1
Asymptotic growth curves, 259

Bayesian approach, 115
Bayesian information criterion, 173
Bayesian prediction, 49
Binomial model, 235

Calibration, 185
Consistent test, 131
Consumer choice, 273
Core-melts, 49
Cross-impact analysis, 31, 185

Diffusion of innovation, 215, 225, 273

Electricity sales, 149
Error structure, 235
Errors-in-variables, 103

Fallible data, 103
Forecast, 131
Forecast pooling, 63, 77
Forecasting, 77, 149, 215
Forecasting accuracy, 201
Forecasting performance, 245
Fossil fuel resources, 259

Growth curves, 245, 259

Influence diagrams, 215
Innovational outlier, 1
Innovator–imitator dichotomy, 225
Interest rates, 21
Intervention analysis 1

Judgemental forecasting, 185, 201

Kalman filter, 149
Kalman filtering, 77

Logistic, 235, 245
Logistic growth, 215, 225, 273

Macro-econometric models, 77
Markov jump parameter, 115
Maximum likelihood estimation, 259
Minimum square error prediction, 115
Model change, 1
Model comparisons, 21
Model selection criteria, 149
Monte Carlo study, 103

Non-linear growth, 215
Nuclear incidents, 49
Nuclear risk, 49

Optimal, 131

Population forecasting, 235
Post sample forecast comparison, 149
Power transformation, 173
Prediction, 215
Probability judgements, 185

Reliability, 103
Risk-sensitive markets, 273

Sales forecasting, 201
Saturation, 215
Saturation models, 225
Scenario analysis, 31
Seasonal models, 173
Serial correlation, 149
Simulation, 245
Stein-rule estimation, 103
Stochastic process, 115
Strategic planning, 31

Time series, 259
Time series forecasts, 21
Time-varying parameters, 149

Journal of Forecasting, Vol. 7, v–vi (1988)

Contents

Volume 7, Issue Nos 1–4
JOURNAL OF FORECASTING

Issue No. 1, January–March

Outliers, Level Shifts, and Variance Changes in Time Series: *R. S. Tsay* 1

Forecast Comparisons of Four Models of U.S. Interest Rates: *R. Craine and A. M. Havenner* 21

A New Method of Scenario Analysis for Strategic Planning: *J. Brauers and M. Weber* 31

Predicting Nuclear Incidents: *T. Chow and R. M. Oliver* 49

Minimum Variance Pooling of Forecasts at Different Levels of Aggregation: *J. Fuhrer and J. Haltmaier* 63

Announcement and Call for Papers 75

Issue No. 2, April–June

Reducing Uncertainty in Short-term Projections: Linkage of Monthly and Quarterly Models: *C. Corrado and M. Greene* 77

Forecasting from Fallible Data: Correcting Prediction Bias with Stein-rule Least Squares: *T. D. Stanley* 103

Adaptive Prediction for Stochastic Processes with Markov Jump Parameters: *Q. Xiao-Jiang* 115

Comments on Testing for Forecast and Specification Optimality using Linear Composites: R. F. Phillips 131

Software Review 139

Indexed or abstracted by 'Butterworth Sci. Limited—FUTURES', 'COREJ', 'Cambridge Sci. Abstracts', 'Current Contents', 'Current Index to Statistics', 'Executive Sciences Inst. Inc.', 'Management Contents Inc.', 'Materials Information', 'Public Affairs Info Service', 'Sociological Abstracts Inc.', 'Statistical Theory & Method Abstracts', 'VINITI-USSR Acad. of Sciences'.

Book Review 145

Call for Papers 147

Announcement 148

Issue No. 3, July–September

A Comparison of Adaptive Structural Forecasting Methods for Electricity Sales: *R. F. Engle, S. J. Brown and G. Stern* 149

Forecasting Economic Time Series that Require a Power Transformation: Case of State Tax Receipts: *N. Nazmi and J. H. Leuthold* 173

The Consistency, Coherence and Calibration of Holistic, Decomposed and Recomposed Judgemental Probability Forecasts: *G. Wright, C. Saunders and P. Ayton* 185

The Use of Non-time Series Information in Sales Forecasting: a Case Study: *B. Edmundson, M. Lawrence and M. O'Connor* 201

Announcement and Call for Papers 213

Issue No. 4, October–December

(Special issue on Predicting Saturation and Logistic Growth)

Saturation Models: A Brief Survey and Critique: *R. M. Oliver and H. J. Yang*. 215

Innovators and Imitators in Innovation Diffusion Modelling: *S. M. Tanny and N. A. Derzko* 225

Forecasting with Growth Curves: The Effect of Error Structure: *N. Meade* . 235

The Impact on the Performance of Growth Curve Models of Changes in Parameter Re-estimation Period and Other Factors: *D. H. R. Price and J. A. Sharp* 245

Fitting of Growth Curves over Time when the Data are Obtained from a Single Realization: *J. J. Wiorkowski* 259

Diffusion of New Products in Risk-sensitive Markets: *S. S. Oren and R. G. Schwartz* 273
